

Private Pilot Licence (PPL) Course

DENTO'
G R O U P

Private Pilot Licence (PPL) Course

For enthusiasts who wish to fly for pleasure or to take their first step towards obtaining a professional pilot licence. This EASA qualifying license PPL may only be used for Non - Commercial Operations.

Entry Requirements

- Minimum age of 16 years old;
- A Class II medical certificate must be obtained before solo flying is permitted;
- Demonstrate at least an Operational Level of English Language Proficiency (ELP) before the skill test.

Course Structure

Ground Theoretical Training / 3 Weeks Duration

The purpose of the ground training is to teach the syllabus for the nine theoretical subjects and to pass the relevant in-house exams. For this purpose, Dento Group has created its own e-learning platform which allows distance learning, followed by a minimum of 4 days classroom review.

Flight Training / 9 Weeks Duration

45 Hours Minimum Flight Training to include a minimum of:

- 35 hours dual (5 hours simulator FNPT II);
- 10 hours solo; and
- PPL Skill test with an Authorized DCA Examiner.

Course Cost (as per the above minimum hours)

Total cost covering the training as mentioned above is €13.500 and payments should be made as follows:

- € 500 with enrolment into the course;
- € 2.000 prior to the commencement of the ground training;
- € 5.500 prior to the commencement of the flight training program; and
- € 5.500 by the completion of 20:00 hours of the flight training program.
